P R E F A C E .

The fourth volume of the Marriage Registers of Norfolk is now placed in the hands of the subscribers.

Of the nine Registers included, six date from the sixteenth century, the remaining three belong to the succeeding century.

As before, entries are reduced to a common form, and the following contractions have been freely used :—

w.=widower, *or* widow.

p.=of the parish of.

s.=spinster, single woman.

co.=in the county of.

b.=bachelor, *or* single man.

dioc.=in the diocese of.

d.=daughter of.

lic.=marriage licence.

For the transcription of the Registers, the Editors have to acknowledge the valuable assistance of Dr. W. T. Bensley, the Rev. E. Kinaston, the Rev. R. A. Oram, the Rev. J. G. Poole, and the Rev. R. Fetzner Taylor and Miss Fetzner Taylor, who contributed two Registers. Hickling was transcribed by Mr. Johnson.

Thanks are due to the clergy who have given permission for these records to be printed. Their names are mentioned under the respective parishes. **1379191**

It is of the highest importance that we should not delay in printing the Registers as rapidly as possible, as this is the only way in which their contents can be effectively preserved. Greater care undoubtedly is taken of these invaluable personal records than was formerly the case, but loss of Registers still goes on, and it may be mentioned that in more than one instance Registers have been lost, or their condition has seriously deteriorated, since they were transcribed, although it is but ten years since this series of printed Parish Registers was commenced.

It may be well to remind the reader that these printed abstracts of the Registers are not legal "evidence". For certificates, application must be made to the local clergy.

The Editors will gladly welcome help in the work of transcribing the Registers of Norfolk. It is only by volunteer assistance that it becomes feasible to issue this series of Parish Registers. And subscribers will greatly aid if they will take every opportunity of making known the existence of this series, for with sufficient support it should be possible, as in other counties, to issue two volumes yearly. With so large a county as Norfolk, it is obvious that adequate progress in printing the Registers can be made so long only as that rate, at the least, is steadily maintained.

Norfolk Parish Registers.

Marriages at Barton Turf,

1558 to 1837.

NOTE.—Barton Turf is an ancient parish, and the Parish Church is at least five hundred years old, and there are evidences of earlier buildings on the same site.

Volume I. This consists of 92 parchment leaves, the leaves are numbered and have two pages to each leaf. Leaves 1 to 40 contain Baptisms from 1560 to 1770; 41 to 52, Marriages from 1558 to 1753; 53 to 60, Baptisms from 1770 to 1790; 61 to 86, Burials from 1558 to 1790. The rest of the book is blank, except the last page, which contains an account of the Church Rate for 1671. At the end of this there is a statement of the clerk's fees, amongst which are: "For buryall with a coffin, 2s. 6d.; without a coffin, 1s. 6d. The condition of this volume is generally good; size, 12 in. by 5 in.; binding, stiff cardboards covered with parchment. Of the part relating to Marriages, the latter part of leaf 45 is blank, date 1645-66, in which period there is only one entry. There are blank spaces also on leaf 47. Where the name of the parish is not given, Barton Turf is to be understood.

The Register begins with the words:—"Register Bocke for the Towne of Barton then made and [—] according to the Cannons and ecclesiasticall constitutions published and set forth by the Archbishop, Bishops, and the rest of the clergie of the province of Canterberye in the Sinnod begune at London the 20 daye of the munth of October in the yeare of our Lord God 1597 and in the Rayne of our most Cristiane Princis Ladye Elizabeth by the grace of God of England, France, and Ierland, Defendris of the fayth, &c., the thirtyenyth." It is signed: "Per me E. Greene."

"Note that everye yeare begines the 25 daye of Marche." The name of Esdras Greene occurs in the Marriage Register, June 26, 1597. From 1610 to 1730 the handwriting varies a great deal and in places it is bad and difficult to read.

Probably only the first four leaves of this book were written by E. Greene. They contain the copy of the original Baptismal Registers, 1558 to 1594. The copying of the Registers of Marriages and Burials, and all the other entries up to 1610 are by another hand, presumably that of Edmund Cooke, the Vicar, who was buried May 30th, 1610.

Volume II contains Marriages from 1754 to 1812. Only about the first quarter of the book, to p. 52, is used for Marriages. The greater part is blank, and the rest contains Banns, 1754 to 1884. The handwriting is generally good. The covers are bound in leather, but much worn; size, $10\frac{1}{2}$ in. by 8 in.

Volume III contains Marriages from 1812 to 1837. Only the first 25 pages of this book are used, the remainder are blank. It has a parchment cover, size $15\frac{1}{2}$ in. by 10 in.

These extracts have been made by the Rev. J. G. Poole, of Barton Turf, and are now printed under his supervision after collation with the Register.

Marriages at Hedenham,

1559 to 1812.

NOTE.—The Marriage Register of Hedenham Church, Norfolk, begins in the year 1559, and until recent years is contained in the same volumes as the Baptisms and Burials. The Volume extending from 1559 to 1711 is of vellum, in shape a kind of small narrow folio, without any title, measuring $10\frac{3}{4}$ inches by $4\frac{7}{8}$ inches; the first entries being simply headed "Maryages, 1559". It is in very fair condition.

Volume II contains the Marriages from 1711 to 1754, with, of course, Christenings and Burials as well. It is also of parchment, but bound in rough leather, a good deal worn. It measures $15\frac{1}{4}$ inches by $7\frac{3}{8}$ inches. The handwriting is generally very good. On the inside of the cover at the beginning of this Volume is as follows:—"Hedenham Register: John Bedingfeld, LL.D., Rector; William Baker, Curate, 1722; William Baker, M.A., Rector, 1729. Nascimur morituri, W. Baker." At the end of the Volume is a list of the Rectors of Hedenham, with the dates of institution, etc., from A.D. 1306, and also several interesting parochial notes, largely in Mr. Baker's handwriting.

Volume III contains the Marriages from 1754 to 1812. It is of paper, bound in rough leather, in very good condition. The latter part of this Volume contains the entries for publication of Banns down to the present time, except between the years 1868 and 1901. Size $10\frac{5}{8}$ inches by $8\frac{3}{4}$ inches.

These Marriages have been extracted by the Rev. R. Fetzer Taylor, of Hedenham Rectory, and are now printed under his supervision.

Marriages at Weeting.

St. Mary's Parish,

1558 to 1746.

NOTE.—There were originally two parishes in Weeting, St. Mary's and All Saints'. They were united in 1651. The church of the latter was dilapidated by the fall of the tower some 200 years ago.

Volume I, consisting of parchment leaves, well preserved, and bound in parchment, records the Marriages in St. Mary's parish from 1558 to 7 November 1746, except those in Volume III below. Up to 1650 they are in Latin. In the first 40 years they are not original.

Volume II, also in bound parchment, contains the Marriages in All Saints' parish from 1561 to 2 October 1748, except those in Volume III below. They are entered along with Christenings and Burials. Some of the leaves, particularly those of the years 1631, 2, 3, 9, are much faded.

Volume III is a parchment register, unbound, and contains the Commonwealth Marriages by a "sworne Register" [*sic*] from both parishes, and many in which both parties came from other parishes, from 3 January 1653-4 to 16 January 1659-60.

Volume IV, in parchment, contains the Marriages in the united parishes from 1749 to 1755, and also from 1778 to 1786. These latter ones are also entered in Volume V.

Volume V contains the Marriages solemnized in the parish church of St. Mary from 19 October 1754 to 29 December 1812, from the united parishes. These are on printed paper forms.

These Marriages have been transcribed by the Rev. R. A. Oram, the present Rector, and are printed here with his permission.

Marriages at Carleton Rode,

1560 to 1812.

NOTE.—The Marriages of Carleton Rode, near Attleborough, are contained in four volumes.

Volume I measures 14 in. by $7\frac{3}{4}$ in., and contains thirty-three leaves of parchment, generally in very good order. This volume contains the Marriages 1560 to 1637, as well as the Baptisms 1560 to 1653, and Burials 1560 to 1650.

Volume II measures $12\frac{1}{4}$ in. by $8\frac{1}{2}$ in., and contains forty-two parchment leaves. In it are recorded the Marriages 1654 to 1706, but it is deficient 1638 to 1653 inclusive. It also contains Baptisms and Burials from 1654 to about 1706.

Volume III contains fifty-eight leaves, and contains the Marriages from 1710 to 1754, with Baptisms and Burials 1710 to 1797.

Volume IV contains Baptisms and Burials only, from *c.* 1796 to 1812; about a dozen leaves have been cut away which possibly contained the missing Marriages 1802 to 1812.

Volume V is the usual book of printed forms, and contains the Marriages 1754 to 1802.

These Marriages have been most obligingly transcribed from the original Register by W. T. Bensly, Esq., LL.D., F.S.A., assisted by the Rev. A. J. Back, Rector of Carleton Rode, by whose permission they are now printed. The entries have been carefully collated with the original books by Mr. Frederic Johnson, of Norwich.

Marriages at Hickling,

1657 to 1812.

NOTE.—The Marriages at Hickling are contained in three books, viz. :

Vol. I is 1 ft. $4\frac{1}{2}$ in. long, and 6 in. wide, and contains the Baptisms, Burials, and Marriages from 1653 to 1716—the latter do not begin until 1657. There are 47 leaves of parchment, of which the first is a title page. The leaves have been numbered apparently in error, as there is no leaf 16, although the entries follow on in date; neither is there leaf 19, one side of 20 is blank, and there is no leaf 22, but the entries follow on from leaf 21 to 23. There are no leaves 24, 25, 26, or 33, and on page 27 the Weddings begin.

Vol. II consists of 28 leaves of parchment, which have been numbered in ink, but there are no pages 14 and 15, although the entries follow on in proper order: there is no leaf 20. The same book contains Baptisms and Burials from 1716 to 1772: the Weddings begin at page 17.

Vol. III is the usual volume of printed forms.

These extracts, from the original Register, were made by Mr. Frederic Johnson, of Norwich, with the permission of Rev. A. N. T. Crosse, Vicar, and are now printed under his supervision.

Marriages at Gresham,

1690 to 1812.

NOTE.—These Registers begin in 1637, but the writing is too faint to decipher till 1690, and are contained in three volumes.

Volume I.—Bound in a parchment page of an old service book, and contains entries of Burials, Baptisms, and Marriages, following each other promiscuously in order of date.

Volume II.—Marriages from 1733 to 1774. In the body of the book is a statement that “The Registers between 1713-1734 are in the Register books of the parish of Bessingham”.

Volume III contains the usual forms of Marriages.

These extracts have been made by the Rev. E. C. Jervis, Vicar of Beckham, and are now printed under his supervision.
